

WATER CANADA

Water Protectors

Roles and Rights of Indigenous Canadians

A full-page photograph of a woman with long dark hair, wearing a black tank top, black pants, and black boots. She is standing on a large, dark rock in the middle of a calm lake. She is holding a long-barreled rifle across her body. The background shows a vast lake under a cloudy sky at dusk or dawn, with distant hills visible on the horizon. The water reflects the light from the sky.
